Professional Summary

Result-oriented **DevOps Engineer** with 2+ years of experience automating CI/CD pipelines, managing Azure cloud infrastructure, and deploying major enterprise applications. Proven ability to lead business-critical projects, streamline deployments, and ensure infrastructure reliability. Strong background in scripting, monitoring, and configuration management.

Technical Skills

Azure DevOps	Azure Repos	Jenkins	Azure Web Apps	Azure App Services	Windows Server
Azure VMs	Azure Pipelines	IIS	Tomcat	Maven	Ubuntu/Linux
PowerShell	Bash	YAML	Azure Monitor	Log Analytics	Kudu
Azure DNS	Azure Load Balancer	Docker	Azure Front Door	Azure Blob Storage	PudsSub
RDP	Server Monitoring	Static web App	Web App	Networking	Azure Function App
SQL	Queue	IAM	Deployment Groups	Azure Service Plan	

PROFESSIONAL EXPERIENCE

Associate DevOps Engineer

DrillBit SoftTech | Bengaluru, India • April 2024 – Present

Notice Period: 15 Days or Less

- Designed and implemented CI/CD pipelines in Azure DevOps for Maven, Next.js, and React.js projects.
- Automated WAR deployments to Azure VMs (Tomcat) using Deployment Groups & PowerShell.
- Managed Azure App Service slots (Prod/Maintenance) for zero-downtime rollouts.
- Deployed and configured Web Apps with SSL, custom domains, and environment settings.

- Monitored infrastructure via Azure Monitor & Log Analytics; optimized performance and uptime.
- Improved traffic management using Front Door, Load Balancer, and Blob Storage.
- Authored deployment and troubleshooting documentation in Azure Wiki.

Junior DevOps Engineer

DrillBit SoftTech | Bengaluru, India • Nov 2023 – April 2024

- Managed build and release cycles for internal applications.
- Integrated Git, Artifactory, and Docker for versioned image deployment.
- Enforced compliance and access policies via Microsoft Entra ID.

Major Projects

- Azure DevOps – B2C Web App CI/CD Deployment using Azure DevOps to Web service & Slot Management
 - CI/CD Pipeline for Maven-based Application Deployment to Azure Virtual Machine (VM)
 - CMS Platform Deployment with Azure CI/CD (Next.js) to Web service
 - React Application Deployment to Azure Static Web Apps
 - Website Application Deployment to Azure Static Web Apps
-

Education

B.E. in Electronics & Communication Engineering

MVJ College of Engineering, Bangalore • 2019 – 2023
